# Cisco Networking Academy Program

# CCNA SECURITY

March 2016

Information for Admission

## Department of Computer Science and Engineering
## Bangladesh University of Engineering and Technology

Please read carefully before submitting your application

1.  The Cisco CCNA Security curriculum provides a next step for individuals who want to enhance their CCNA-level skill set and help meet the growing demand for network security professionals. The curriculum provides an introduction to the core security concepts and skills needed for the installation, troubleshooting, and monitoring of network devices to maintain the integrity, confidentiality, and availability of data and devices. CCNA Security helps prepare students for entry-level security career opportunities and the globally recognized Cisco CCNA Security certification.

2.  This course is a hands-on, career-oriented e-learning solution with an emphasis on practical experience to help students develop specialized security skills, along with critical thinking and complex problem solving skills. CCNA Security is a blended curriculum with both online and classroom learning. Students who enroll in CCNA Security need to have CCNA-level networking concepts knowledge and skills, along with basic PC and Internet navigation skills.

3.  There will be one semester to be completed in a span of around three months.

4.  Classes will be held according to the following schedule:

    **Saturday, Monday and Wednesday, 5:30 pm to 8:30 pm**

5.  Qualification for getting admitted to this program are the following:

    a.  B.Sc. in CSE or any relevant branch of engineering/ Science subject (Physics, Chemistry, Math, etc.) from any university.

    or

    b.  Completion of CCNA Exploration/ CCNA Routing and Switching.

    or

    c.  CCNA Certification.

6.  There will be not admission test. Candidates fulfilling any of the criteria mentioned in 5 will be admitted in first come first serve basis. Application forms will be available online

at the BUET Cisco Academy website: http://cse.buet.ac.bd/cnap/ from Saturday, March 12, 2016 to Wednesday, May 25, 2016 11:00 AM.

7. To apply online, please follow the steps below.

   i. Go to the url: http://cse.buet.ac.bd/cnap/onlineapp_ccnas.php and click on "Apply Online".

   ii. Fill up the online admission form properly and press the Submit button. A .pdf version of the receipt for application fee will be available for download.

   iii. Download the .pdf file and print it on an A4 size paper.

   iv. Submit the printed hard copy of the receipt in the office of the Department of Computer Science and Engineering (West Palashi Academic Building, 3rd Floor, West Wing) along with a payment of Taka 350/- as application fee in cash and Taka 10,000/- (ten thousand only) as course fee in the form of Bank Draft/Pay Order payable to "Director, BRTC, BUET". Fees can be submitted from Saturday, March 12, 2016 to Wednesday, May 25, 2016 11:00 AM, during office hours on working days: Saturday through Wednesday. (Note that BUET is closed on Thursday and Friday).

8. For admission, you need to bring the following in the office of the Department of Computer Science and Engineering (New Academic Building, 3rd Floor, West Wing).

   (i) Printed copy of the receipt of application. See 7(iii) above.

   (ii) The original copies of all the certificates and/or mark sheets which should be sufficient to prove the qualifications stated in 5.

   (iii) Taka 350/- as application fee in cash.

   (iv) A Bank Draft/Pay Order of Taka 10,000/- (ten thousand only) payable to "Director, BRTC, BUET" as course fee.

9. The authority reserves the right to cancel the course at any time before the start of the classes, i.e., before Saturday, May 28, 2016 **.** In such case, your deposited course fee will be refunded. You will be notified over phone when you collect the pay order from the office of the department of CSE.

10. Grades will be assigned based on performances in (i) Chapter examinations, (ii) Attendance and class performance (based on participation and contribution in laboratory

classes), (iii) Online Semester final examination, (iv) Assignments, (v) Skill final examination, (vi) Any other item the instructor feels appropriate. A student must obtain 70% marks in each of the skill final examination and online semester final examination.

11. Students will be given a password protected account in the Cisco Networking Academy Connection to view the course material. While it is not mandatory, it is strongly recommended that students arrange an Internet connection at their home on personal basis.

12. After successful completion of the course, students will be awarded a certificate signed by the Legal Main Contact of the Academy and Head of the Department of CSE.

13. A student participating in the program cannot be considered to be a student of BUET and any other benefit except directly related to the program during class hours will not be admissible.

14. Summary of important dates,

   - Availability of online admission forms: Saturday, March 12, 2016 to Wednesday, May 25, 2016

   - Submission of admission forms and get admitted: Saturday, March 12, 2016 to Wednesday, May 25, 2016 11:00 AM

   - Classes start Saturday, May 28, 2016

15. Any other information not mentioned in this document or any change required for the best interest of the program will be resolved by the program authority and the students will have to abide by these changes and/or addendum.
