**Guideline for Thesis CSE 6000 Registration for April 2021
Semester**

All Master's students *who have registered for CSE 6000* in the April 2021 semester and *do not have a thesis supervisor* are instructed to do the following.

1. Please contact the prospective thesis supervisors over the phone or via email. You can find the contact information of the prospective supervisor on the departmental website.
2. If a faculty member agrees to be your thesis supervisor, then please download and fill up the application [form](#) of thesis supervisor assignment and *sign* it.
3. Please send a scanned copy of the filled and signed application form to the proposed supervisor via email. The proposed supervisor will sign the form and take further actions.
4. Please note that your registration will not be approved until the supervisor assignment is complete. If you have not registered for CSE 6000 for the April 2021 semester, you may disregard these steps.
