TO WHOM IT MAY CONCERN

Re: Invitation for registration of teams in the ACM-ICPC 2013 Dhaka Site Event to be held at North South University in its Bashundhara Campus on 29-30 November 2013

I am pleased to inform you that North South University is again hosting the prestigious ACM International Collegiate Programming Contest (ACM-ICPC) on 29-30 November 2013. The winner of this contest will qualify to participate in the ACM-ICPC World Finals to be held at Ekaterinburg, Russia during 22-26 June 2014 hosted by the Ural Federal University. North South University has been the host of this event for a respectable ten times from 1997-1999, 2004-2006 and from 2008-2011. Since 2009 we had a formidable contest with over 100 teams from 47 universities during the day followed by a grand Award Ceremony, Celebration and Dinner in the evening at the state-of-the-art campus in Bashundhara.

This programming contest is participated by teams from different institutions and universities from around the world. Each team consists of three programmers (at least two undergraduate students) and a coach. The coach must be a faculty member of the team's respective university. The Executive Committee of the ACM-ICPC 2013 Dhaka Site Event at North South University has framed the following procedure to be followed by all teams who are interested to participate in this contest.

- All teams must register online at <http://icpc.baylor.edu> on or before 31 October 2013 with no registration fee.
- All teams must participate in the online contest to be held on Saturday 16 November 2013.
- All selected teams must pay a participation fee of Taka 5,500 or US\$ 100 by 24 November 2013 and submit photographs of each team member to be approved and therefore accepted.
- All accepted teams should attend a Practice Session on Friday 29 November 2013 at 4 pm and the actual contest on Saturday 30 November 2013 at 8.30 am at the North South University campus in Bashundhara. All accepted teams will receive Certificates of Participation, T-shirts, contest supplies, brochures and other souvenirs.

I would like to request you to encourage teams from your institution/university to register for this eminent contest. Please feel free to call me at 885-2000 Ext. 1501 (mobile: 1071-502-4488) or Dr. Shazzad Hossain, Associate Director at Ext. 1534 or send me an email at abul.haque@northsouth.edu or to shazzad@northsouth.edu if you have any queries. We look forward to your participation.

Thank you very much.

Sincerely,

Abul L. Haque, Ph.D.
Professor, Department of Electrical Engineering and Computer Science
Chief Coordinator, ACM-ICPC Contest Advisory Council for Bangladesh
Director, ACM-ICPC 2013 Asia Regional Dhaka Site Event
