Scientific Attache  
Embassy of the People's Republic of Bangladesh in Japan

Dear Sir/Madam:

We are pleased to announce the World Engineering Conference and Convention 2015 to be held in Kyoto from November 29 to December 2, 2015 under the co-sponsorship of Japan Federation of Engineering Societies, Science Council of Japan, World Federation of Engineering Organizations and United Nations Educational, Scientific and Cultural Organization.

As the circular enclosed explains, WECC2015 gives focus to innovations required to make sustainable development a reality and advances in fundamental technologies to build and innovate social infrastructure. It will bring together representatives of industry, academia and government along with experts from related fields around the world.

WECC2015 will also showcase the most advanced technologies of global corporations and research organizations at the exhibition to be held concurrently with the conference. Applications for the exhibition are still being accepted and conference registration is open. We would be most obliged if you would kindly circulate the information on this conference to the companies registered at your department so that they could consider participation, which would lead to potential business opportunities.

A copy of the Japan Times carrying an article on the WECC2015-related panel discussion is enclosed for your reference, which will further explain the significance of this conference. Also, details on our vision and program can be found on the official website; <http://www.wecc2015.info/>

We earnestly hope that through the participation of many colleagues from diverse fields, WECC2015 will offer new opportunities to people everywhere who devote themselves to the innovation of societies.

With best regards,

Jun'ichi Sato  
President  
Japan Federation of Engineering Societies
