Dear Sir:

***World Bank and Microsoft Regional Grant Competition:
"Coding your way to opportunity"***

The World Bank is pleased to invite your students to participate in a World Bank and Microsoft sponsored regional grant competition, titled: ***Coding your way to opportunity.***

Jointly implemented by the World Bank and Microsoft, the regional grant competition invites youth-led organizations and NGOs to showcase innovative ideas that will expand coding knowledge amongst youth, helping them secure gainful employment.

The program is organized in four South Asian countries – Bangladesh, Maldives, Nepal and Sri Lanka. Each country will win one grant of at least US\$10,000 to carry out an innovative project, one year in duration.

The enclosed flyer contains the details for your reference. We would greatly appreciate if you circulate the information amongst your students. We would be very happy if you can also kindly arrange to post the flyer on Notice Boards for the students.

We look forward to participation from students of your university and our continued collaboration in the future.

Sincerely,

Mehrin A. Mahbub
Communications Officer
